-------------------------	--------------

Important to know

Your next meter reading: Jan 20

Please be sure we can safely access your meter for actual readings. Don't worry if your digital meter flashes eights from time to time. That's a normal part of the energy measuring process.

Your electric service may be disconnected if your payment is past due

If payment for your electric service is past due, we may begin disconnection procedures. If your service is disconnected because of a missed payment, you must pay your past-due balance in full, plus a reconnection fee before your service will be reconnected. The reconnection fee is \$6 for electric service that may be reconnected remotely and \$37 for electric service that is not eligible to be reconnected remotely. Additionally, there is a fee of \$250 to reconnect electric service after normal business hours if not eligible to be reconnected remotely. A security deposit may also be required. For questions, please refer to your customer pamphlet or call the number shown above.

Electric service does not depend on payment for other products or services

Non-payment for non-regulated products or services (such as surge protection or equipment service contracts) may result in removal from the program but will not result in disconnection of electric service.

When you pay by check

We may process the payment as a regular check or convert it into a one-time electronic check payment.

Para nuestros clientes que hablan Español

Representantes bilingües están disponibles para asistirle de lunes a viernes de 7 a.m. - 7 p.m. Para obtener más información o reportar problemas con su servicio eléctrico, favor de llamar al 800.521.2232.
